

WINSON CHEN

ABOUT ME

Winson Chen is a multidisciplinary designer focused on creating culturally driven visual work across digital media, branding, and apparel. Blending aesthetics with strategy, Winson approaches design through both a creative and business lens by considering audience, market trends, and brand identity as much as visual impact. Winson's creative approach emphasizes clarity, intention, and cultural expression, shaping work that feels both contemporary and personal.

A black and white halftone illustration of a hand holding a pencil, positioned diagonally across the frame. The hand is rendered with fine dots, giving it a textured appearance. The pencil is held between the thumb and index finger, with the middle finger supporting it from below. The word "of" is partially visible in the bottom left corner, suggesting it is part of a larger title or text.

Designed a custom deck of cards inspired by Balatro, using matching typography, color palettes, and textured backgrounds to echo the game's visual identity. The project focused on translating a digital game aesthetic into a cohesive physical card system while maintaining clarity, hierarchy, and visual consistency across the full deck.

SOCIAL MEDIA *Designs*

Social media designs centered on creating platform-specific visual content that captures attention, communicates brand messaging, and drives engagement. This includes designing posts, stories, and campaign assets.

Part of the design team for HBO Max's Lifestyle genre, brainstorming and creating social media posts that aligned with brand voice and campaign goals. Developed visually engaging content concepts to promote lifestyle programming and increase audience engagement across digital platforms.

UI | UX *Designs*

Designed seamless UI/UX for digital applications, balancing usability and visual clarity.
Emphasized user-centered design, intuitive navigation, and cohesive design systems to
create engaging and functional experiences.

The image shows a smartphone screen displaying the Google Play Store listing for the 'MyGymBuddy' app. At the top, the status bar shows the time as 5:55, signal strength, Wi-Fi, and battery levels. The app's icon, featuring two figures lifting weights, is on the left. To its right, the app name 'MyGymBuddy' is prominently displayed, followed by the subtitle 'Workout & Nutrition Tracker'. A large green 'Get' button is visible, along with the text 'In-App Purchases' and a share icon. Below this, three sections provide details: 'AGE' (4+ Years Old), 'CATEGORY' (Health & Fitness), and 'DEVELOPER' (James Ling). A large section titled 'CLIENT: MYGYMBUDDY' contains a detailed description of the app as an all-in-one fitness tool and a list of key features such as intuitive navigation, clear data visualization, AI food analysis, and workout planning.

Urban Minimalism

Theme + Color Forecast | COS Fall 2026

Winson Chen

These swatches support the *Urban Minimalism* theme by grounding the palette in cool, architectural tones. Black brings dark layering and urban sophistication. "Enigma" adds a modern steel-grey tone that reflects concrete textures, shadowed structures, and the calm, muted mood of the season. Together, these colors reinforce COS's refined minimalism and provide essential anchors for tonal dressing.

COS FW26

Created color forecasts by analyzing trend data, cultural influences, and seasonal shifts, translating research into cohesive palettes that guide design direction and visual storytelling.

JAKAHURU

Designed and created original pieces for a personal clothing brand, and planned, styled, and shot campaign photos to visually represent the brand's identity.

2025

My self-founded clothing brand centered on clean design, cultural expression, and intentional storytelling through apparel.
